Dear Mother:-

Just a few lines to let you know that I am well and haveing a fine time.

We have arrived safely across and you will not hear from me as often as you have in the past, and there will be no use to worry because you dont get letters from me real often.

If I had-kenw--known Elmer was in Hoboken before I left the States I would have went to New York to see him, As Hoboken is only a short ride from NY.

You have got the money all OK by now I guess, Let me know in the next letter whether you have or not

Answer real soon to,

YOUR SON
